

MONEY MOVEMENT

IT'S TIME TO BE

**BOLD**

### Move past boundaries and into new possibilities

Moving money can be complicated enough. Today there are so many more obstacles and challenges including the technological, regulatory and competitive - not to mention the global effects of COVID 19. All changing the way we want to pay and be paid. You need a partner who is ahead of the curve and responsible for driving the innovations in money movement. It's time to **be bold**.

We enable 95% of the world's leading banks

### What's possible continues to be redefined, revisited and reimagined.

The traditional lines between banking, payments and commerce have all but dissolved. The rules that once limited who participates in money movement – and how that movement happens – have been rewritten.

### Let's change how money moves.

Recent years have propelled the need for digitalization with greater urgency, and there are many barriers to overcome. We offer global payment and fast movement capabilities that support real-time, push-to-card and ACH in the U.S. and more than 50 other markets, with localized flexible funding and settlement in local currencies.

### FIS is innovating money movement.

We deliver holistic, curated money movement experiences across the entire ecosystem of money transfer services. Our expanding global reach and diverse capabilities enable us to create effortless, omnichannel experiences for consumers, merchants, corporates and financial institutions, no matter where they are in the payments life cycle.

50%

of the world's wealth is managed on our systems

Money is moving faster than ever. 60 countries have live real-time payments infrastructure.
